

ENR Southeast Project Showcase

El Churrasco

After seven months of design and construction, Dominion Builders is enthusiastic to announce the completion of its renovation of El Churrasco, an Argentine steakhouse, located at 801 Brickell Bay Drive.

Dominion's design/build turn-key solution assisted the owners with licensing, design and construction services with architectural support provided by Burton Hersh, PA. The project involved an adaptive reuse of materials for cost-effective purposes and a speedy opening.
