

ENR Southeast Project Showcase

Dominion Builders

Dominion Builders is proud to announce the completion of an expansion to the Dadeland Executive Center. The project features a new 20-foot high grand lobby entrance with a clear-anodized, glass-infused curtain wall and cantilevered concrete porte-cochere. The interior finishes include white, hand-carved Himalaya stone throughout the first-floor public space, with custom wood wall panels. The renovation also includes a colossal light fixture hanging from the two-story ceiling.
